

Patient Name	: MasterSHIVANSH SINGH	Visit No	: CHA250041682
Age/Gender	: 3 Y/M	Registration ON	: 08/Mar/2025 10:47AM
<b>Lab No</b>	<b>: 10138977</b>	Sample Collected ON	: 08/Mar/2025 10:47AM
Referred By	: Dr.PRAVEEN SHARMA	Sample Received ON	:
Refer Lab/Hosp	: CHARAK NA	Report Generated ON	: 08/Mar/2025 12:14PM

### **ULTRASOUND STUDY OF WHOLE ABDOMEN**

- **Liver** is mildly enlarged in size and shows homogenous echotexture of liver parenchyma. A small iso to hypoechoic area of size ~ 27 x 24 mm is seen in right lobe of liver -- ? nature. No intrahepatic biliary radicle dilatation is seen. Hepatic veins and IVC are seen normally.
- **Gall bladder** is normal in size and shows anechoic lumen. No calculus / mass lesion is seen. GB walls are not thickened.
- **CBD** is normal at porta. No obstructive lesion is seen.
- **Portal vein** Portal vein is normal at porta.
- **Pancreas** is normal in size and shows homogenous echotexture of parenchyma. PD is not dilated. No parenchymal calcification is seen. No peripancreatic collection is seen.
- **Spleen** is normal in size and shows homogenous echotexture of parenchyma. No SOL is seen.
- No retroperitoneal adenopathy is seen.
- No ascites is seen.
- **Both kidneys** are normal in size and position. No hydronephrosis is seen. No calculus or mass lesion is seen. Cortico-medullary differentiation is well maintained. Parenchymal thickness is normal. No scarring is seen. Right kidney measures 61 x 29 mm in size. Left kidney measures 64 x 27 mm in size.
- **Ureters** Both ureters are not dilated. UVJ are seen normally.
- **Urinary bladder** is normal in contour with multiple floating internal echoes in lumen. No calculus or mass lesion is seen. UB walls are not thickened.
- Pelvis organs are normal for child age group.

### **OPINION:**

- **Mild hepatomegaly with a small iso to hypoechoic area in right lobe of liver -- ? nature (D - D - hemangioma/ resolving / evolving phase hepatic abscess). Adv: Follow up / further evaluation.**
- **Multiple floating internal echoes in UB lumen -- cystitis.**

**Clinical correlation is necessary.**
