

Patient Name	: Mr.HARISH CHANDRA	Visit No	: CHA250042648
Age/Gender	: 60 Y/M	Registration ON	: 09/Mar/2025 07:42PM
Lab No	: 10139943	Sample Collected ON	: 09/Mar/2025 07:42PM
Referred By	: Dr.RBH	Sample Received ON	:
Refer Lab/Hosp	: CHARAK NA	Report Generated ON	: 10/Mar/2025 03:41PM

MRI: BRAIN

IMAGING SEQUENCES (NCMR)

AXIAL: SWI, DWI, T1, FLAIR & TSE T2 Wis. **SAGITTAL:** T2 Wis. **CORONAL:** FLAIR Wis.

Resolving hemorrhagic contusions with moderate perifocal edema are seen in bilateral anterior frontal lobes.

Subdural hematoma is seen left fronto-temporal and parieto-occipital convexity (maximum thickness approx 8 mm).

Small area of encephalomalacia is seen in right anterior temporal lobe.

Rest of the cerebral hemispheres show normal MR morphology, signal intensity and gray - white matter differentiation. The basal nuclei, thalami and corpus callosum are showing normal signal intensity pattern. Both lateral ventricles and third ventricle are normal in size shape and outline. Septum pellucidum and falx cerebri are in midline. No mass effect or midline shift is seen. Supratentorial sulcal and cisternal spaces are normally visualized.

Brain stem and cerebellar hemispheres are showing normal morphology, signal intensity and outline. Fourth ventricle is normal in size and midline in position.

Major intracranial dural venous sinuses are showing normal outline and flow void.

Sella, supra-sellar and para-sellar structures are normally visualized.

There is loss pneumatization of right mastoid air cells with fluid collection – mastoiditis.

Screening of cervical spine was done which reveals degenerative changes with small disc osteophyte complexes at C3-4, C4-5m, C5-6 levels. Grade-I anterior spondylolisthesis is seen at C6-7 level.

IMPRESSION:

Alleged history of trauma showing :

- **Resolving hemorrhagic contusions with perifocal edema in bilateral anterior frontal lobes.**
- **Subdural hematoma left cerebral convexity.**
- **Small area of encephalomalacia in right anterior temporal lobe.**

NOT FOR MEDICO-LEGAL PURPOSE.

Please correlate clinically.

**DR. RAVENDRA SINGH
MD**
